Community

The public is invited to attend all regular and special board meetings except executive sessions, and may be given time to voice opinions on problems.

The board recognizes its responsibility to conduct the business of the District in an orderly manner and will therefore require controls for public presentations to the board. The board will entertain audiences as a part of every regular agenda. To receive an audience, a citizen must file a written request with the chairman or his or her designee at least four (4) days prior to the regularly scheduled meeting at which the audience is desired. The written request must include the speaker's name and the topic upon which he or she is to speak. A brief period of questions and comments from the audience may also be held after each board meeting. A person wishing to be heard by the board at this time will first be recognized by the chairman. He or she will then identify him or herself and his or her affiliation and proceed with his or her comments as briefly as the subject permits. The chairman is responsible for the orderly conduct of the meeting and will rule on such matters as the time to be allowed for public discussion, the appropriateness of the subject being presented and the suitability of the time for such presentations. The board as a whole has the final decision in determining the appropriateness of all such rulings.

The board may remove a person or group of persons who willfully disrupt a meeting so as to render the orderly conduct of the meeting unfeasible. If order cannot be restored by removal of such person(s) from the meeting room, the board may recess the meeting and reconvene at another location. An individual(s) not responsible for disturbing the conduct of a meeting shall be re-admitted to such meeting.

The board is a public servant, and its meetings and records shall be a matter of public information except in the case of executive sessions.

The official minutes of the board, its written policies, and its financial records will be open for inspection by any citizen desiring to examine them. Inspection will take place during hours that are convenient to the chairman or his or her designee.

The board wishes to support the right of the people to know about the programs and services of their recreation district and shall make every effort to disseminate information.

Because the recreation board operates to provide recreation for the citizens and residents of the Recreation District, it is important that information be disseminated concerning activities and problems. In order that this publicity be given wide coverage and coordinated into a common effort and purpose, the following procedures will be followed in giving official information to the news media.

1. The board chairman or his or her designee will be the official spokesman for the board.
2. News releases which are of a district wide nature or pertain to established district policy are the responsibility of the chairman or his or her designee.
3. A public notice will be published in the local media prior to each funding quarter. This public notice will give information concerning requests for recreation grant monies and will include the deadlines for these application requests.
4. After each quarterly funding meeting, the chairman or his or her designee will submit to be published, the grants that were awarded at this meeting.
5. The chairman or his or her designee will make public via local media, all meetings (both regular and special) except for any executive sessions.
